

How Site Selectors Use On the Map

Question your work tried to answer	
Local Employment Dynamics data sources used	<input checked="" type="checkbox"/> OnTheMap <input type="checkbox"/> QWI <input type="checkbox"/> Industry Focus <input type="checkbox"/> Raw data files from CD or VRDC <input type="checkbox"/> Other: _____
Other data sources used	ERI, field work in community
Software/ data processing tools used	Only ERI
Brief description of methodology <i>(if someone wanted to do a similar analysis, how should they approach it?)</i>	Using On the Map and ERI, field work and site selection methodology to determine potential site for company
Benefits of methodology/ data	Demonstrates how to work with site selectors and how they use On the Map to help with location decision.
Drawbacks/problems with methodology/data	Only that site selector must still do field work in community
Anything else?
